

I. INTRODUCTION

This amendment and Continued Examination request is for the purpose of adding new claims 27-29 to the application which has already been allowed with claims 14, 16 and 17 by the Notice of Allowance dated July 27, 2005. Claim 27-29 are identical to the allowed claims except claim 27 does not contain the limitation contained at the end of claim 14 - "wherein said cable covering includes an overall shield". This limitation was not considered in the Examiner's reasons for allowing Claims 14, 16 and 17.
